Mundipharma announces Chief Financial Officer

Cambridge, UK, 19 November 2018:The Mundipharma network of independent associated companies today confirmed the appointment of Arnaud Breabout who joins as Senior Vice President & Chief Financial Officer, reporting to Alberto Martinez, President & Chief Executive Officer, in Europe.

Most recently CFO Global Functions and Investments at GlaxoSmithKline (GSK), Arnaud brings with him a wealth of international healthcare and FMCG experience gained over 20 years with leading pharmaceutical companies. While at GSK, he held a number of senior Finance leadership positions including Vice President Pharmaceutical R&D Pipeline, CFO Biopharmaceuticals, CFO Vaccines North America and CFO GSK Consumer Healthcare France. Before joining GSK in 2002, Arnaud held positions at Procter & Gamble, Bristol Myers Squibb and Price Waterhouse in the UK and in France.

Alberto Martinez, President & Chief Executive Officer, added: “We are extremely pleased to fill this key strategic role with an experienced and motivated individual with strong leadership, financial and people skills. I look forward to working with Arnaud as we continue our focus on delivering innovation and commercial excellence through partnerships.

Commenting on his appointment, Arnaud said: “This is an exciting time for Mundipharma. I’m delighted to be joining such an ambitious, talented and agile team working on an innovative development pipeline and diverse portfolio of medicines. I look forward to deploying my international experience in growing and transforming businesses, to optimise the financial functions across the Mundipharma network.”

Notes to editors:

About the Mundipharma network

The Mundipharma global network of privately-owned independent associated companies was founded in 1956 by doctors, and now operates in over 120 countries worldwide. We are focused on developing business partnerships to identify and accelerate meaningful technology across an increasingly diverse portfolio including diabetes, respiratory, oncology, pain, and biosimilars.

FOR EUROPEAN BUSINESS/TRADE MEDIA ONLY

Consistent with our entrepreneurial heritage, we like to think we see what others don't by challenging conventional wisdom and asking different and challenging questions. By working in partnership with all our stakeholders, the Mundipharma network develops medicines that create value for patients, payers and wider healthcare systems.
